Logix Agile™ Datasheet
Technical Specifications
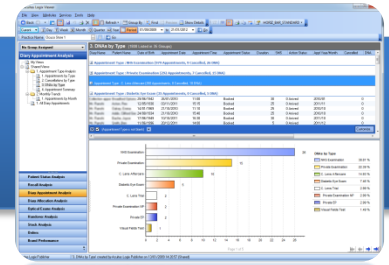

Logix Web/Linx

Hardware Sizing	
OS	Win Server 2003/2008
RAM	Min 4gb (8gb preferred)
HD	120gb
Processor	2 x 2Ghz+
Note: Hardware specification is dependent on user numbers, a full server sizing will be carried out as part of the project	

Software

- Windows 2003/2008
- .Net Framework 4.0
- SQL Server Client
- IIS V6/7 with ASP.net
- Microsoft Enterprise Library 5.0

Logix Caching Server

Hardware Sizing	
OS	Win Server 2003/2008
RAM	Min 8gb (16gb+ preferred)
HD	250gb
Processor	2 x 2Ghz+
Note: Hardware specification is dependent on user numbers, a full server sizing will be carried out as part of the project	

Software

- Windows 2003/2008
- .Net Framework 4.0
- SQL Server Client
- IIS V6/7 with ASP.net
- Microsoft App Fabric 1.1

It is recommended that the Caching Server be installed on a dedicated server although this is not mandatory.
