

Logix Salesforce

Leverage the Potential of your CRM data

Top 4 Reasons to select Logix Salesforce

- 1. Greater Visibility and Control over your Sales Data:** Track movements of sales opportunities and conduct historical comparisons to unlock key insights and make more informed decisions. Remove any bottlenecks in the process which may be causing slow sales generation.
- 2. Integrate CRM and non-CRM data:** Data does not exist in isolation. With Logix, you can connect to other data sources giving you a more accurate picture of the organisation's performance and uncover new insights.
- 3. No more Spreadsheets!** Move away from time-consuming spreadsheets. Logix simplifies the process of forecasting and pipeline analysis, saving you time and resources.
- 4. Collaborate and Share:** Managers, Sales Reps and Marketing Staff can make smart decisions based on real-time, centralised sales performance data.
